Processing means any use of personal data, including collection, recording, storage, adaptation or alteration, retrieval, consultation, disclosure or otherwise making available, alignment or combination, restriction, erasure or destruction.

Data Protection Officer

The person(s) responsible in our organisation for ensuring that we follow our data protection policy and complies with the General Data Protection Regulation.

4. Policy Statement:

Red card gambling support project collects and uses the personal information of board members, volunteers, service users and staff, in order to operate a transparent professional business. This Policy applies to the control and processing of all such personal information.

We commit to upholding the seven principles laid out in GDPR, that personal information be:

- processed lawfully, fairly and in a transparent manner in relation to the data subject ('lawfulness, fairness and transparency');
- collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes; further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall, in accordance with Article 89(1), not be considered to be incompatible with the initial purposes ('purpose limitation');
- adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed ('data minimisation');
- accurate and, where necessary, kept up to date; every reasonable step must be taken to ensure that personal data that are inaccurate, having regard to the purposes for which they are processed, are erased or rectified without delay ('accuracy');
- kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed; personal data may be stored for longer periods insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes in accordance with Article 89(1) subject to implementation of the appropriate technical and organizational measures required by this Regulation in order to safeguard the rights and freedoms of the data subject ('storage limitation');
- processed in a manner that ensures appropriate security of the personal data, including protection against unauthorized or unlawful processing and against accidental loss, destruction, or damage, using appropriate technical or organizational measures ('integrity and confidentiality').

In addition, we will:
